WEEKLY REPUBLICAN—1915
DAILY PUBLIC LEDGER—1915

THE DAILY PUBLIC LEDGER, TUESDAY, AUGUST 10, 1915.

ONE COPY—ONE CENT.

WHY NOT?
Now that we have a "Mother's Day"
Let's do the job up right!
Let's pass it with a glad hooray
and have a "Father's Night."

IT IS NOT TOO LATE

TO ENTER THE DAILY BULLETIN-
PUBLIC LEDGER'S GREAT CON-
TEST.

All Candidates Should Read Write-Up
Pertaining to the Contest to Famil-
iarize Themselves With Details and
Then Get Busy—Call on the Contest
Manager Any Time—Do Not Over-
look Special Offer.

Thousands of Votes Are Received
Daily—Contest Is Now Assuming
Gigantic Proportions—Many Nom-
inations Received Daily.

The time is short; about five weeks
from this date the contest will be
brought to a close and you will have
missed an opportunity that comes to
some people but once in a life time.

Most all of the candidates in the
Daily Bulletin-Public Ledger contest
are exerting every effort to win one
of the prizes offered. The ending of
the third week finds many changes in
the list. Hundreds and thousands of
votes have been cast in the last few
days and some new names have forged
further to the front.

The vote for the past few days has
been heavy, considering the short time
the contest has been going, and from
now on it may be expected to increase
daily. Tell all your friends that you
are out to win and want their votes.

People help those who help them-
selves, and if you desire one of the
five-passenger touring cars, one of the
Victrolas and one of the diamond
rings, you will do well to ask your
friends or give their names to the
Contest Manager at once. The Con-
test Department will help you all it
can, but can not do all. You must
help yourself, and if you will
work in conjunction with the manager
of the contest and be guided by his
advice, you will have a splendid
chance to get a prize.

If you want to win a prize, get busy
—by getting your friends to subscribe
for the Daily Bulletin-Public Ledger,
or have them renew their subscrip-
tions, as votes are issued on all back
subscriptions when paid.

Be sure and get your ballots when
paying subscriptions, either in ar-
rears or in advance. Don't forget to
call up the Contest Manager if there
is anything you do not understand, and
he is always in his office, and ready to
give any information desired.

Future Orders.
In some cases contestants will find
that prospective subscribers are now
paid in advance for some other paper
and do not desire to have two papers
from the same town.

In order that candidates may secure
these subscriptions we will hold their
paper until they order it.

Friends who subscribe for the paper
for a term are really not donating any-
thing from their pockets, since the
subscribe to the Daily Bulletin-Public
Ledger, which will be sent to any ad-
dress to which the subscription is
paid. The Daily Bulletin and Public
Ledger will not only maintain its pre-

sent standard of a clean and new-
reliable family paper, but will go on
improving its columns and so far as
possible perfecting its delivery service
so that there will be no regrets at
having subscribed to help some de-
serving contestant.

A difference of a few thousand votes
is not a very large margin, as it means
but a year's month's subscription to
the Daily Bulletin-Public Ledger, and
those who are behind by such a
small number should not lose heart by
any means, but keep on with the race
with renewed vigor. A race is never
ended until the time for the last com-
petitor to win out. Keep up with the
contest and make it your determination
to win and you will be successful.

Stamped With Success.
The large number of votes cast for
the candidates stamps the greatest
popular voting contest ever conducted
with the seal of unqualified success.

From all parts of the wide territory
embraced candidates have entered the
race, and they are receiving loyal
support from their home communi-
ties. This makes the contest a uni-
formly fair one, and no candidate has
as yet received enough votes to give a
lead that can not be overcome.

Another feature about the Daily
Bulletin-Public Ledger contest that
makes it extremely popular, and
which is causing interest to spread
over the country at a rate unsurpassed
in history, is that prizes of equal value
will be given in each district.

In each district there will be award-
ed an equal number of prizes to the
young ladies. The large number in
the contest assures the candidates that
no one person will be able to secure
such a large number of votes that
others will not be able to overcome
the lead. The prizes offered are mag-
nificent, and the contest is still young.
If you are a candidate and there are
other who have more votes in the con-
test to date than you may have there
is no cause for discouragement.

**Opportunity To Get Extra Votes By
Little Effort.**

As an incentive to the contestants
during the first few weeks of the con-
test, the management has decided to
offer special inducements for new
subscribers which is bound to meet
with the approval of every contestant,
for the reason that until August 14,
9 p. m., every sixty-month subscrip-
tion to the Daily Bulletin-Public Led-
ger turned in will entitle you to 100-
000 extra votes, besides the regular
votes.

The subscriptions should not be held
back until the last day, but should be
turned in as soon as secured. Accu-
rate account will be kept of all sub-
scriptions turned in by candidates.
This offer is for both old and new
subscriptions turned in between Fri-
day, August 6, and Saturday, August
14, at 9 p. m.

The Contest Manager will issue the
extra ballot after this offer closes and
will mail same to contestants entitled to
same.

Great Special Offer.
For nine days only, beginning Fri-
day, August 6, and ending Saturday,
August 14, at 9 p. m. in addition to
the votes given on subscriptions ac-
cording to the regular schedule, we
make the contestants the following of-
fer:

We will give to each and every con-
testant an extra ballot of 100,000 votes
who turns in to the Contest Depart-
ment five years or sixty months sub-
scriptions between the above dates.
This is your chance to catch the lead-
ers. Take advantage of it.

Open Evenings.
For the benefit of those who are
not able to come to the office during
the business hours, the Contest De-
partment will be open every evening
until 8 o'clock.

BRUTAL ATTACK.

Monday afternoon Charles Coryell,
colored, of the county, met John Jones,
an aged colored man employed at the
Mason County Infirmary, on Market
street. After discussing the Bloom-
huff-Lewis shooting scrape of a few
weeks ago, in which Jones was one of
the chief and most honest witnesses,
Coryell began to abuse the old negro
for telling the truth on the witness
stand and said he should have done
as the other negroes. Not satisfied
with tormenting Jones, he made a very
brutal attack on the old darkey and
knocked him down.

Officers Bloomhuff and Fizer arrest-
ed Coryell and after being fined \$13.00,
he was placed in jail. Coryell has a
reputation of being a bad man and is
at the present time mixed up in the
shooting of the negro man at the
Lewisburg colored school commence-
ment several months ago.

MAN INJURED AT DAM.

Monday morning about noon Mr. J.
W. Johnson, a foreman of the day
shift at Dam No. 33, had the misfor-
tune to suffer serious injuries about
the limbs. Mr. Johnson it seems was
superintending the driving of some
logs for the foundation of the lock
system now under erection, and the
heavy crane in placing one of the big
logs, swung it against his legs,
tearing the flesh badly. Dr. Winn
Hord, the Bates-Rogers physician, was
called, and after first aid was ren-
dered the injured man, he was re-
moved to his home on East Second
street, where he is resting easily after
a rather restless night.

slight, but later developments proved
it to be of a serious nature and med-
ical attention was necessary.

KHOLM.

Washington.—"Kholm, or Chelm, as the Poles spell it, has been one of the most interesting of Polish towns under Russian administration, for from this quiet corner of subject Poland the government program for the Russification of the Poles has been directed," says a descriptive statement issued by the National Geographic Society. "Just over the Russian border, surrounded by endless acres of forest and agricultural land, the whole region in which it lies possessed of but indifferent means for communication, and, so, screened from the feverish, suspicious politics of Warsaw and other Polish centers, Kholm, in peace times, was a strategic point of rare advantage for the propagation of Russian influences.

"The Russian ideals, the Russian tongue, Russian methods and the Russian religion entered Poland by way of Kholm, and from here painstaking efforts were made to spread them among all the peasantry. The Russian point of view has sought to penetrate by way of the Kholm-Lublin-Ivangelorod railway line, and from here, too, it has made its way south, even beyond the Galician borders to the great Polish city of Lemberg. Thus, Kholm, which the Russian soldiers defended so splendidly, was a Russian stronghold in more senses than one. It was the sentimental and intellectual heart of the Russian program in Poland.

"Kholm is the seat of a Russian bishop. The national Greek church, though it claims but few followers over the Polish boundary, is here strongly entrenched. The city supports a number of Greek churches, and an ecclesiastical seminary long established here offers to the Poles and to Russian missionaries to the Poles the learning of the Greek church. The Russian church has based mighty efforts from Kholm for the conversion of the Poles to the 'church of most of the Slavs.' Its success, however, is still hanging in the balance.

"The city is very ancient. It was founded by Daniel, Prince of Galicia, as business headquarters for rich family estates. It is today a living specimen of archaeology, with the railway running through it as one of the few reminders of the modern age. The shell fire of today, shaking this out-of-date, time-sleepy city, must cause an uncanny realization among its citizens of the strides that the ages have made since Kholm last came into immediate contact with the outside world. The city, most of which was built without a plan, provides a home for 20,000 people, and, before the outbreak of the war, provided an arsenal, a quiet but powerful source of Russification plans and sinews.

"Lublin, the important manufacturing town of this part of Russian Poland, lies forty-five miles west-northwest of Kholm by the Kiel-Warsaw railway. Kholm forms the south termination of the strategic railroad that runs behind the last line of Russian defense in Poland, that north-and-south line of the Bug, reinforced, and continued north from the Bug, by the Kholm-Brest-Litovsk-Belostok-Osowiec railway. Its possession, therefore, is of great military importance. The country around Kholm grows an abundance of grains, and is, also, very rich in its production of other agricultural products."

HOPES FOR PEACE GONE.

Washington, August 9.—Administration officials who were inclined yesterday that a peace parley between Mexican factions might soon result, is independent of the appeal to the military leaders which will go forward from the Pan-American nations, were not so sanguine today. Reports from Mexico City that Dr. Juan J. Ortega, the Guatemalan Minister there had been given his passports by General Carranza and ordered to leave the country within twenty-four hours, were responsible for this change of mind. Inasmuch as Guatemala is represented in the Latin-American conference, Carranza's drastic action is regarded here as indicating a disposition of unfriendliness toward the conference.

Hits the Particular
Southern Taste

Long ago Yankee notions of cooking gave place to the dainty, toothsome cookery of the South, and today in Boston, New York, Philadelphia or Chicago the honors for "extra good" items on a hotel bill of fare are shared between the skill of the Parisian chef and the dictation of the Southern housewife to her skillful "mammy."

To match the culinary skill of the Southland, a new, unique and ready-to-eat corn food was originated—

Post Toasties

The praise of Southern women for this delicious dish seems to indicate its great measure of success in a section where exceptional cookery is so common.

If You are interested in something "sweet to eat," that requires no cooking, has a rich corn flavour, and carries a pleasing smack of satisfaction, why—order from your grocer a package of Post Toasties—

GERMANS CONTINUE EFFORT TO CUT OFF RUSSIANS' RETREAT.

Kaiser Seeks Peace.

London, August 9.—Reuter's correspondent at Petrograd transmits the following:

"The Bourse Gazette learns from an unimpeachable source that the German emperor made an offer of peace to Russia last week, through the King of Denmark. The answer sent to the king stated that the question of peace negotiations could not be raised at the present time."

London, August 9.—The Germans continue to make progress in all directions in their effort to cut off the retreat of the Russian army from the Polish salient. They have commenced an attack on the fortresses of Kovno and Ostrowetz, which are among the obstacles they must overcome in order to reach the railway running from Warsaw through Vilna and Dvinsk to Petrograd.

They have taken the minor fortress of Serock, at the junction of the Narew and Bug rivers and have crossed the Vistula in the vicinity of Warsaw. Further south General Woyrsich is advancing eastward, but Field Marshal von Mackensen is being stubbornly resisted and apparently making at the best, very slow progress.

On the whole, the daring scheme mapped out by the Germans as a grand sequel to the capture of Warsaw—the destruction of the Russian army—is unfolding slowly as must be the case from its very magnitude. With the three main railways, besides those built since the war, it is believed in military circles here that Grand Duke Nicholas will be able to extricate his Warsaw army. The events in the east, however, will continue to rivet the attention of the world for some time to come.

The Germans have gained minor successes in the Argonne forest, where the army of the Crown Prince has been trying for several weeks to find a weak spot in the French defenses, but their effort to recover lost trenches on the Lingekops, in the Vosges, is declared to have cost them dearly.

There has been some rather heavy fighting in the Caucasus mountains, between the Russians and Turks, but official reports from the opposing impossible to say in whose favor it is going.

There is much interest in the diplomatic negotiations in the Balkan capitals, the reports from which indicate that Serbia at last is willing to cede Macedonia to Bulgaria, but that the Greek government is now opposing any suggestion that she should return the Aegean, the seaport in the Vilayet of Salonika, to Bulgaria. It is thought, however, that this opposition may be changed when M. Venizelos returns to power, which is expected when the Greek parliament reassembles in September.

Territory Offered Once.
M. Venizelos offered Kavala to Bulgaria when he was premier simply in return for her continued neutrality while Greece went to the assistance of the allies against the Turks, but King Constantine put his foot down on the whole policy and the political crisis which resulted in the resignation of the Venizelos cabinet followed.

The Petrograd Bourse Gazette publishes a statement to the effect that Germany has made peace proposals to Russia, but that they were rejected. There is no confirmation of this statement.

PRESIDENT CONSIDERS IMPORTANT DOCUMENTS.

Cornish, N. H., August 9.—Important communications from Secretary of War Garrison, Attorney General Gregory and Secretary of State Lansing occupied President Wilson's attention for several hours today. In the afternoon accompanied by members of his family he went on an auto ride to Rt. and Vt. over the Green mountains, a distance of 125 miles.

Although no comment was forthcoming as to the contents of the reports from Secretary Garrison, it is understood they deal with the subject of national defense.

The reports sent by Secretary Lansing to the President relate, it is said, to the conference which the Pan-American representatives on the Mexican situation. How far this matter has advanced, no one would say here tonight.

On the ride this afternoon the President was accompanied by his daughters, Mrs. Francis B. Sayre and Miss Margaret Wilson, and by his sister, Mrs. Annie Cothran, Dr. Cary T. Grayson and Miss Batten, Miss Wilson's guest.

Coroner Charles H. Compton, of this place, was notified by phone late Friday evening that there had been a two-weeks-old baby murdered on Big Run, near here, it being the child of Charles Zornes and wife, who live there. He at once called Dr. Jesse, of Plummer's Landing, and being accompanied by Squire Muse, of this place, hurried to the scene and held an inquest. Dr. Jesse, after a postmortem examination, stated that the baby's death was caused by asphyxia. After several witnesses were sworn, including the young mother, the case was passed until later, with the intention to be taken. The parents of the infant are openly accused of making away with its life, as the father has been very much dissatisfied since its birth, he having left home the day after it was born, going to Indiana, but has just returned home. The coroner is determined to run the case to the end.

MEXICAN AFFAIRS ARE DISCUSSED BY CABINET OFFICIALS.

Washington, August 9.—The Pan-American conference initiated here last week to devise a plan for restoring a government in Mexico probably will be resumed in New York City next Wednesday. Secretary Lansing made this announcement tonight on his return from New York, where he conferred with Secretary McAdoo early in the day. Mexican affairs and the co-operative effort of the United States and Latin-American republic to end the factional strife were discussed tonight.

"We talked of the Mexican situation," said Mr. Lansing, "but we did not consider any financial plan for supporting a Mexican government. The principal reason for my visit to New York was to talk with Mr. McAdoo concerning financial arrangements for the Pan-American Financial Conference, to be held in Buenos Aires in September. There is considerable preliminary work to be done in connection with that."

Asked when the American peace conference, which recessed here Friday night, would be resumed, Mr. Lansing said:

"It will be resumed early this week, probably Wednesday, in New York."

BLACK ROT OF GRAPES.

Frequent complaint is reaching the Experiment Station regarding a disease that is attacking the grapes. Upon investigation this trouble is usually found to be due to a parasitic fungus known as black rot.

This is by no means a new trouble, as it is very general in all of the sections where the grape is grown. Black rot first shows itself upon the berries and leaves. Usually the berries are most seriously affected and the disease manifests itself upon the latter by small, clear cut, brown spots. These spots gradually enlarge until all of the berries on the stem are affected. It is a noticeable fact that the diseased berries do not shed, but continue to cling to the vine long after the grape season is past. It is needless to say that this serves as a means whereby the disease is carried over from one season to another.

Fortunately for the persons interested in grape culture, this trouble can be readily kept in control. Where only a few vines are grown the practice of bagging the bunches in order to ward off the spores may be used. The bunches should be covered early in the season after the blossoming season is over. The ordinary paper sacks do very well. The principal point to keep in mind is to pin the top of the bag securely so that it will exclude the entrance of the spores. It is also a very good plan to clean the vineyard of any old little such as leaves and pruned canes as soon as convenient.

Spraying with Bordeaux mixture is perhaps one of the most reliable means of control. Where the trouble is known to exist the vines should be thoroughly sprayed in the spring just as the buds are swelling. This application should be repeated several times during the summer. The number of applications will depend somewhat on the nature of the season. If the season happens to be dry, a few number of applications will be needed than if the season is warm and moist.

Bordeaux mixture for this purpose may be prepared as follows: Dissolve four pounds of copper sulfate (blue stone) and four pounds of stone lime

WISHED SHE
COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework."

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

The best way to dissolve the copper sulfate is to suspend it in a cloth bag in water over night. Care should be taken not to let it come in contact with any metal. WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Many Aches and Pains of Maysville People.

As one weak link weakens a chain, so may weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys and generally when their activity is lessened the whole body suffers.

Aches and pains and languor and urinary ills frequently come, and there is an ever-increasing tendency towards dropsy, gravel or fatal Bright's disease. When the kidneys fail there is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys. Maysville testimony is proof of their effectiveness.

Mrs. S. Neal, 497 W. Second St., Maysville, says: "One of my family had a great deal of trouble from a lame back and weak kidneys. Doan's Kidney Pills made the patient better."

Price 50¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Neal recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

EVER HEAR OF EYE SUNBURN?

Protection of the eyes from sun-glare is more necessary than wearing a hat to prevent sun-stroke. We are indebted to the great scientist, Sir William Crookes, for his discovery of a wonderful new glass for spectacle lenses that makes it possible to filter the harmful heat and chemical rays from sunlight without perceptibly dimming the light or changing the colors.

We can duplicate your prescription in this glass which will adequately protect your eyes no matter how much they are exposed to strong sun or electric light.

"ETERNAL CITY" AT THE WASHINGTON OPERA HOUSE THURSDAY, AUGUST 12, 1915

The motion picture adaption of Hall Caine's amazing story, "THE ETERNAL CITY," produced in Italy and England by the Famous Players Film Company, marks a new era in dramatic picturization. For many years Hall Caine steadfastly refused to permit this work to be reproduced upon the screen. During a recent visit to England, however, Adolph Zukor, President of the Famous Players Film Company, met the distinguished author, who became impressed by the astonishing artistic advancement of American film producing companies, and who subsequently was induced by Mr. Zukor to assign him the motion picture rights of the immortal novel and play.

Under the direction of Edwin S. Porter, Producing Manager of the Famous Players Film Company, and Hugh Ford, a carefully selected company, headed by Pauline Frederick, was sent abroad to film this master-work in the exact locale in which its stirring action occurs. All the scenes in the Vatican Gardens, in the Castle of St. Angelo, the Coliseum, the famous Roman Forum, the beautiful Villa D'Est in Trivoli, and other historical spots in the Imperial City, were reproduced with the consent of the highest ecclesiastical and civic authorities. All the costumes of the Noble Guard of the Roman Pontiff, of the Swiss and Municipal Guards, were made after specimen costumes of these organizations loaned by the highest sanction. It is the first time in the history of motion pictures that these unprecedented liberties have been granted. Messrs. Porter and Ford also succeeded in securing the services of thousands of Roman Carabinieri, and have immortalized with absolutely perfect detail every phase of Hall Caine's wonderful story. The production is on an order of sumptuousness that realizes all the possibilities of the play from a scenic, sartorial and accessorial standpoint.

The manner in which the Pope is introduced as a visible personage fails to offend the most critical, and the dignity and nobility which are inseparably associated with him have been faithfully preserved.

With its unusual environment and its historical significance, the production presents a thrilling combination of realism and romance.

This picture will be shown THURSDAY, AUGUST 12, 1915. Reserved seats on sale now at Crane & Shafer's. Admission 25 cents. One show only as it takes two hours and a half to show same.

TODAY—Matinee at 2:30 "THE WOMAN." "It's a Paramount Picture." All Star Cast. Admission 5c and 10c.

MEXICAN BANDITS AND RANCHERS IN BATTLE.

Harlingen, Texas, August 8.—Five American ranchmen were wounded, two of them seriously, and several Mexican outlaws were reported killed or wounded tonight in a fight with Texas rangers and county officials and a band of Mexican bandits at Norias ranch, ten miles north of Lyford, in Cameron county, according to a telephone message received here from Norias. The number of casualties among the Mexicans, it was said, could not be ascertained, owing to the darkness.

The outlaws, estimated to number between thirty and fifty, attacked the Norias ranch-house shortly before dark. Fourteen ranchmen barricaded themselves in the house and defended the place until 10 o'clock, the message said, when the Mexicans withdrew temporarily. Shortly after the bandits had withdrawn sixteen Texas rangers and armed civilians arrived. At 10:30 o'clock, the report says, the Mexicans returned, unaware that reinforcements had arrived. They again charged the house and were met with a volley of shot from the rangers and several of their horses were killed. The outlaws retreated in the darkness.

A special train left Harlingen shortly before 10 o'clock, carrying thirty-five United States soldiers and twelve armed civilians to reinforce the Americans on the Norias ranch. Passenger trains were running through the affected district tonight without lights.

CUSTOMS HOUSE SEIZED.

Washington, August 8.—Rear Admiral Caperton, commanding the American naval forces in Haiti, reported tonight that he had taken over the administration of the customs office at Cape Haitien, and placed Paymaster Charles Morris of the cruiser Washington, temporarily in charge. No mention was made of the reported seizure of the customs office at Port au Prince.

Business conditions in Cape Haitien, the dispatch said, were improving, and there was an apparent disposition among the natives to support the city government being organized by Admiral Caperton.

Arrival of the Haitian gunboat Nord Alexis at Port au Prince, with 800 disarmed Haitian soldiers, was reported. The soldiers came from outlying districts to be escorted by American marines to their homes after pledging themselves to keep the peace.

AMMUNITION CASES FILLED WITH RUBBISH.

London, August 9.—"Thousands of cases of ammunition of every kind when opened the front was found to contain rubbish," says the Daily Mail in an account of the conditions under which the Russian army has been fighting.

"This situation is popularly ascribed to the work of German agents in Russian munitions factories," the Daily Mail asserts, and the Russian casualties are estimated at 2,500,000 up to the middle of July in killed, wounded and prisoners. The paper says, however, that this estimate seemed guesswork, as the military authorities themselves do not know the real total.

Notwithstanding the tremendous losses, the Russian people are cheerful and confident for they believe Germany's financial collapse is near.

WILL FIGHT TO LAST MAN.

Petrograd, August 8.—The general committee appointed to organize industries for military purposes began their labors yesterday under the presidency of Alexander Guchkov. Representatives of all parts of the empire attended the committee meetings. Addressing the committee, M. Ribabouchinsky, the Moscow millionaire, said: "We shall retire, if necessary, as far as the Ural mountains. We shall fight to the last man, but we shall gain victory."

ASSASSINATION ATTEMPT FAILS.

London, August 9.—An attempt to assassinate M. Neratoff, assistant Russian Minister of Foreign Affairs, is related by Reuters' Correspondent at Petrograd. Mr. Neratoff's assailant, a former official of the department, rushed into the assistant's room, brandishing an ax. When his weapon was wrested from him, he drew a revolver, but was overpowered by attendants before he was able to fire. The man was dismissed two years ago and is believed to be demented.

A FALSE STANDARD OF CULTURE.

Has gained ground in this century which looks upon the bearing and rearing of children as something coarse and vulgar and to be avoided, but the advent of Eugenics mean much for the motherhood of the race. Happy is the wife who, though weak and ailing, depends upon Lydia E. Pinkham's Vegetable Compound to restore her to health, and when headaches and backaches are a thing of the past brave sons and fair daughters rise up and call her blessed.

Paris, August 8.—Fighting of extreme violence has developed in the Vosges mountains, in consequence of a German attack.

TETON and RUSSIAN PRISONERS.

London, August 8—Arrangements have been completed for beginning on Thursday the exchange of incapacitated Russian and German prisoners of war. A dispatch from Copenhagen to the Exchange Telegraph Company says that a steamer has been chartered for this purpose, to sail across the Baltic between Velleborg and Sassnitz, carrying 300 men on each side.

The dispatch also says that the exchange of Austrian and Russian prisoners will begin next month.

The election to have been held in Haiti August 7 to choose a new president, was indefinitely postponed. Slight disorder only was reported in Admiral Caperton's dispatches.

The captain and twenty-seven members of the crew of the American steamer Leelanau, torpedoed by the Germans, reached New York August 8 on the liner St. Paul.

VOTES TAX FOR SCHOOL.

On last Saturday we voted for our choice in the primary, but there was one election in Mason county worthy of note.

In our growing little suburb the people they think they need more school room. Last Saturday they voted a tax by a vote of 95 for and 7 against the tax, a majority of 88. This will give them two more rooms.

Last year they had three teachers in two rooms. The east room was divided into two rooms by running chicken wire netting up about six feet and covering it with heavy cloth. Here two teachers taught successfully. Given the equipment they should have and there is no reason why they can do it. It will not be long until Eastland, or Oklahoma, will outgrow its new building and expect to see an handsome eight-room and auditorium brick building in their midst.

It is such elections as these that give us confidence in our grand old commonwealth. No matter how bitter the contest between parties for supremacy, there is one thing we all agree upon and that is the cornerstone in our republic, education.

May Oklahoma soon outgrow her present graded school.

MOWER PARK MEETING.

The usual annual camping meeting began here Thursday night, August 5, and will continue over three Sundays, conducted by Rev. H. Calloway and wife, of Kingswood, Ky. They will be assisted, as the meeting progresses, by volunteer help, Miss Edith Shelton, of Manchester, as organist; Revs. J. W. Foster and J. W. Lacy, of Manchester; Mr. S. A. Steele and sister, Adda, of West Union, and Mrs. Calloway, who assisted in the meeting last year as Miss Minnie Smith, preaches holiness doctrine. She is a rapid and fluent speaker, a good Bible scholar, and backs up her doctrine by the Scriptures.

With a few more improvements Mower's Park would be an ideal place for campmeetings, being high and dry, plenty of shade and all the breeze there is. Meeting every night during the meeting. Come out Sunday and hear the woman preach holiness doctrine—as the Bible teaches that without holiness, no man shall see the Lord.

WATCH THE MAYSVILLE COLONELS IN THE OHIO STATE LEAGUE RACE.

The eyes of every fan in this city should be glued to the percentage column of the Ohio State League race, to see where the Maysville Colonels will be in a week. A local dopster has figured it out as follows: If our boys break even with the Charleston Senators and take the series from Lexington, we will be in first place by the first of September, as the Frankfort and Charleston clubs will be playing each other while our boys will have the easier teams of the league. This looks like good dope to us and here's hoping that the dopster is right in his predictions.

ATTEMPTED ROBBERY FOILED.

Monday night about 12 o'clock, two men attempted to break into the Central Garage on Market street. The would-be burglars were foiled by Mr. Elmer Beckett, sales manager of the garage, who was at work in the office and scared the men away. Upon investigation "jimmy" marks were found on two of the windows in the rear of the building. As this is the third time that an attempt has been made to get into the place, it is thought that some one who is familiar with the lay of the place is the guilty person.

RICHMOND MAY TAKE OVER THE IRONTON BALL TEAM.

Will N. Gableman, president of the Portsmouth team of the Ohio State League, returned Sunday night from a meeting of the O. S. L. magnates at Cincinnati. At the conclusion of the meeting the news leaked out through some unexpected quarter that the Ironton franchise would probably be transferred to Richmond, Ky., for the balance of the season. The Ironton team has but sixteen more games to play on their own lot and the representatives from Richmond, a town of 12,000, stated that they were willing to take over the club and guarantee the completion of the schedule. However, nothing definite was done, although the above action is likely to be taken soon.

President Gableman and the other magnates were the guests of Garry Herrmann and witnessed the game between the Reds and Philadelphia. The latter team won 14 to 6.

The Ironton Register, however, has this to say: Mayor Hannan returned Sunday night from Cincinnati where he had gone to attend the meeting of the officials of the Ohio State League to talk over the situation and decided on a change in the schedule for the benefit of Ironton. According to the Mayor, all teams are in the same plane financially and every club owner is determined to stick until the end of the season.

At the demand of the Ironton club the Nallers were granted a sixteen day road trip to make up for the long trip they lost when the schedule was rearranged last month. The team beginning today, will play the scheduled series at Lexington and from there will go back to Frankfort for another series and then to Maysville. Whether or not the team will play the fifth series at Charleston or at Ironton has not yet been decided but this will be decided this week and announced. The series is scheduled for Charleston and may be transferred to this city, this question is to be decided by President Carr.

LOYALTY DAY.

Friday, August 13, the jinx day, is to be Loyalty Day, and a large attendance at the game that day will put the local management on a sound basis for the rest of the season. The team to play here is Lexington, our old rivals, and a lot of noise will help our boys to get sweet revenge.

ENTIRE FRONT OF BUILDING REMOVED.

The entire front of the old Fitzgerald Company's building on East Second street has been removed. The extensive improvements now being made on the building necessitated the removal of the front of the structure.

THINGS WISE AND OTHERWISE.

Last week Maysville had a street fair. It was visited by scores. One of the attractions was selling chances on blue plates and cakes of soap at 10 cents per chance.

We were surprised to see the blue plates and soap go like hot cakes. The same blue plates had been offered by one of our merchants at the rate of two for 5 cents and he could not make them go. The manager happened into the store and saw the plates. They took his eye and he bought thirteen dozen at 35 cents a dozen. On Thursday afternoon he came back and took all the blue plates the merchant had, seven dozen more, at the same rate. Our people must be fond of blue plates. The management paid \$7 for the plates and sold the 240 plates at 10 cents each, or for \$24, a net profit of \$17. The soap he bought of the same merchant for 25 cents for three bars; he sold it at 10 cents a bar.

Great is the street fair. These same people would not look at these plates when their home merchant offered them at the rate of two for 5 cents. The merchant could not sell the soap, yet the street fair man sold it at 10 cents a cake.

The glare of the electric lights and the blatant voice of the hawk makes things move.

Profit-Sharing With Retail Buyers

On August 1, 1914 we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915 we would share profits with the retail purchasers, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are, however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars.
